SAY NO TO SYNTHETIC MULTIVITAMINS!

CHOOSE AND TAKE THE ALL NATURAL

THE TRUTH ABOUT SYNTHETIC MULTI-VITAMINS:

- The most complete preparation in the market only contains 25 nutrients.
- Usually contain excipients (such as binders, fillers, coatings and artificial colors, sweeteners and flavorsweeteners) which can prevent full absorption of the nutrients or trigger allergic reactions.
- Most synthetic vitamins and minerals are poorly absorbed by the body.
- There are certain synthetic nutrients which are less effective when compared to the natural or food-based nutrients.

FACTS ABOUT SPIRULINA AS A NATURAL SOURCE OF NUTRIENTS:

- The most complete, nutritious, balanced and effective food source on earth!

- according to *World Health Organization*

1 gram (4 tablets)
of spirulina

1 kilo of assorted
fruits and vegetables

- according to *NASA* (National Aeronautics and Space Administration)
